WISHA Health & Safety Training and Injury Prevention

<http://www.lni.wa.gov/Safety/TrainingPrevention/?F=SHPN>

Sample Safety Programs & Plans. In addition to an Accident Prevention Program, other safety & health programs may be required, depending on the hazards in your workplace. The following samples are informational and advisory. You may customize them to fit your workplace or tasks. They are not regulations and do not create any new legal obligations.

<http://www.lni.wa.gov/Safety/TrainingPrevention/Programs/default.asp>

Training kits. The training kits below provide materials and the information needed to meet WISHA safety and health training requirements in a classroom environment. See each training kit for more information and detailed instructions on how to meet the requirements.

<http://www.lni.wa.gov/safety/trainingprevention/trainingkits/default.asp>

Online Training. These training materials provide basic awareness education on the subjects they cover. Some modules may be used for employee training, but do not meet training requirements specified in L&I rules. For rule-specified training, see the L&I training kits.
